To Whom it May Concern,

I am familiar with the work Patrick Reynolds has done over the years, and the contribution The Foundation for a Smokefree America has made in fighting tobacco use. I believe his work has helped make a difference in the progress of the anti-smoking movement in this country.

I support The Foundation for a Smokefree America's effort to provide school-based programs to educate children through smoking prevention activities and educational materials, to create a stronger network of school programs, and to help coordinate them with local health agencies.

I have complete faith that The Foundation for a Smokefree America has the ability to fulfill whatever grants for which they apply.

Healthy regards,

Jessica M. Brookshire, MSA, CHES
